Authlib

The ultimate Python library in building OAuth and OpenID Connect servers. JWS, JWK, JWA, JWT are included.

Authlib is compatible with Python3.9+.

Migrating from `authlib.jose` to `joserfc`

Sponsors

	If you want to quickly add secure token-based authentication to Python projects, feel free to check Auth0's Python SDK and free plan at auth0.com/overview.
	A blogging and podcast hosting platform with minimal design but powerful features. Host your blog and Podcast with Typlog.com.

Fund Authlib to access additional features
